I heard the Messenger of Allah (pbuh) saying, "Allah, the Exalted, has said: 'O son of Adam! I shall go on forgiving you so long as you pray to Me and aspire for My forgiveness whatever may be your sins.

O son of Adam! I do not care even if your sins should pile up to the sky and should you beg pardon of Me, I would forgive you.

O son of Adam! If you come to Me with an earthful of sins and meet Me, not associating anything with Me in worship, I will certainly grant you as much pardon as will fill the earth."

"What Will Matter"

Whether You are ready or not, some day it will all come to an end.

There will be no more sunrises, no minutes, hours or days. All the things you collected, whether treasured or forgotten will pass to someone else.

Your wealth, fame and power will be irrelevant. It will not matter what you owned or what you were owed.

Your grudges, resentments, frustrations and jealousies will finally disappear. So too, your hopes, ambitions, plans and your do lists will expire.

The wins and losses that mattered so much for You will fade away.

It won't matter where you came from or what side of the tracks you lived on.

It won't matter whether you were beautiful or brilliant. Even your gender and skin color will be irrelevant.

So what will matter? How will the value of your days in this World be measured?

What will matter is not what you bought but what you built, not what you got but what you gave.

What will matter is not your success but your significance.

What will matter is not what you learned but what you taught.

What will matter is every act of integrity, compassion, courage, or sacrifice that enriched, empowered or encouraged others to emulate your example.

What will matter is not your competence but your character.

What will matter is not how many people you knew, but how many will feel a lasting loss when you're gone.

What will matter is not your memories but the memories that live in those who loved you.

What will matter is how long you will be remembered, by whom and for what.

Living a life that matters doesn't happen by accident. It's not a matter of circumstance but of choice.

As long as you are performing prayer, you are knocking at the door of Allah,
And whoever is knocking at the door of Allah, Allah will open it for him
Life is not just a race towards death.
But a short journey to earn your place in Paradise.
In shaa Allah

Just because you can't see the air, doesn't mean you stop breathing.
And just because you can't see Allah, doesn't mean you stop believing
Let your tongue never cease to be moist with the remembrance of Allah. [Tirmidhi]
Hide your good deeds because Allah is the One you want to please.
Hide your bad deeds because Allah is the One you want forgiveness from

“Olives are pressed to get oil..
Fruits are squeezed for juice..
Flowers are crushed for perfume..
These are the methods used to get goodness out of things...
So, if you ever feel crushed, squeezed and pressed, it is Allah getting the best out of you..!
So have strong faith in Allah for indeed He tests those whom He loves!”

Sisters, if you feel sad and lonely in your marriage ask those who are widowed and you'll appreciate the little time you have with your husband ..

Brothers, if you feel sad & lonely in your marriage, ask those who lost their wives, then you 'll appreciate everything you have from your wife.

Words of wisdom shared by Agnes Chang:

When we are in heaven our money is still in the bank.

When we are alive we don't have enough money to spend.

When we are gone there is still a lot of money not spent.

One tycoon in China passed away

His widow, left with \$1.9 billion in the bank, remarried his chauffeur.

His chauffeur said, "All the while I thought I was working for my boss. Now only I realise that my boss was all the time working for me !!! "

The cruel reality is:

It is more important to live longer than to have more wealth.

So we must strive to have a strong and healthy body, it doesn't matter who is working for who.

A high end hand phone, 70% of the functions are useless
An expensive car, 70% of the speed is not needed
A luxurious villa, 70% of the space is not occupied
A whole wardrobe of clothes, 70% of it is not worn
A whole life of earning, 70% is for other people to use

So we must protect and make full use of our 30%
Go for med exam even if not sick
Drink more water even if not thirsty
Must let go even if faced with grave problems
Must give in even if you are in the right
Must be humble even if you are very powerful
Must be contented even if you are not rich
Must exercise even if you are very busy

Anger is often used to cover up the fact that a person is actually hurt. We’re more likely to admit to being angry than to being hurt.

A man who has faith in ALLAH does not worry when the world tries to pull him down. Because he knows ALLAH’s hand is holding him up

“A prayer for you from the core of my heart...

May Allah be with you at every step you take,
May Allah guide you in each decision you make,
May Allah help you when life gets rough,
May Allah Bless you with more than enough,
May Allah protect you when you fall,
May Allah hear you when you call,
May Allah sooth your heart when you don’t understand,
May you always be in Allah’s loving Hand...
AMEEN”

Abu Dharr (May Allah be pleased with him) reported: Messenger of Allah (ﷺ) said, “Do not disdain a good deed, (no matter how small it may seem) even if it is your meeting with your (Muslim) brother with a cheerful face.” [Muslim].

We are writing daily on Facebook/Twitter and Other Social Media Walls and at the same time the Angels never stop recording . Let it be a good record. In Sha Allah

I asked Allah for favors and Allah gave me opportunities.

Maybe I received nothing I wanted,
but I received everything I needed!

Life brings many surprises; things happen in ways we didn't even imagine were possible. The key is to be patient & have faith in the decree

Reading about the Mercy of the Almighty is always reassuring & gives us much hope. May He grant us success in this world & the next. Aameen

All the great kings & powerful men of the world will stand just like you before Allah on the Day of Judgement accounting for their own deeds

When things go right, say Alhamdulillah. When things take a wrong turn, again say Alhamdulillah as that's the turn Allah has planned for you

Beware & Be careful! And DO NOT be of the ones who are happy in worshiping Allah as long as He showers them with blessings & bounties...

And turn depressed, doubtful & frustrated as soon as Allah tests them with trials and problems...

Sometimes you don't have any shoulder to cry on, but you always have a forehead to put on the ground and cry in front of Allah; "The Best Listener

The world judges you by your looks.
Regardless of how good your looks are,
Allah judges you by your intention

Some souls are like the sun. Even when they're surrounded by storms, they continue to shine with hope, between the clouds of darkness..

Whilst the eyes of those who love us may not notice our faults, the eyes of hatred will create faults even where there aren't any

We don't become grateful because we are happy.
We become happy because we are grateful

The only way to stop any pain in your life is to accept the fact that nothing is yours, nothing was yours, and nothing will ever be yours. They are worldly attachments; Given by Allah, Belonging to Allah and Returning back to Allah..!!

What seems like a disappointment can turn out to be a blessing. Trust ALLAH's plan for you & know that there's a reason for everything

A Muslim with Allah, is always the strongest. No matter what calamity comes his way, he will be always helped and guided by Allah

You lost hope because you saw only your sins, but could not see what was greater: His mercy.
You felt trapped because you saw only the storm, but could not see what was stronger: His refuge

Time will not wait for us no matter how healthy or wealthy we are. People far healthier than us and wealthier have passed on and time is still ticking. So never allow yourself to be deceived by your wealth or health. Use your time wisely and be charitable. Remember that every moment that goes by will never return so make the most of it

Men are of four kinds:

- 1] a man who knows, and knows that he knows – this one is a scholar, so ask him questions;
- 2] a man who knows, and does not know that he knows – this one is forgetful, so remind him;
- 3] a man who does not know, and knows that he does not know – this one is an ignorant man, so teach him;
- 4] and a man who does not know, and does not know that he does not know – this one is a stupid man, so do not have anything to do with him.

Doing haram things doesn't make you cool. Wanting a halal life doesn't make you boring

It's difficult control how your heart feels, but it's easy to supplicate to the Controller of your heart to ease what you feel

Mercy is forgiving those who don't deserve your forgiveness. This is why Allāh is the Greatest. We don't deserve His Mercy, yet He forgives

Every morning, we get a chance to be different. A chance to change. A chance to be better. Your past is your past. Leave it there. Get on with the future part

We are quick to notice the weaknesses of others but fail to acknowledge our own. They must correct themselves NOW, but it's fine for us to take our time.

Not everyone can do the good deeds that you can, so make the most of your abilities by doing as much as possible. We complement each other

The heart can only take so much pain; the only thing that keeps us going is knowing that, Allah doesn't burden a soul more than it can bear

Pain helps you live your life; it makes you think about the blessings you perceived as small, which get you through the days and nights

You can't force a person to become a better Muslim.... But you can be the reason for a person to change for the best, In Sha Allah.

THINK ABOUT THIS ►► How long have you been alive? 20, 40, 60, 80 years?

How many sins have you committed throughout your life? Intentionally and unintentionally, public and in private?

Have you repented sincerely for them? Allaah says: "O you who believe! Turn to Allaah in sincere repentance!" [Surah At-Tahreem: 8]

Do not delay repentance for another time; as that time might never come.

Turn to Allah NOW and ask forgiveness for all of the sins you have committed.

Even if you let the whole world know about all your problems , what can they do ? Turn to the One Who heals ; the One Who grants ease

One of the biggest challenges in life is loving without expecting anything back. Selfless love. A love that gives even when they don't get. Ya Rab, make us amongst those that love others selflessly, without expectations

The believers are but brothers, so make settlement between your brothers. And fear Allah that you may receive mercy

We live in a world where we want things immediately. But, all around us, Allah teaches us a profound lesson, again and again: everything is a process and takes time. Allah could have made a baby in a moment, but He designed it to take 9 months. A seed could have become a massive Oak in a day, but He designed it to take hundreds of years. The Prophet's mission could have been completed in a year or two. But, God designed it to take twenty three.

You will not always see the fruits of your labor right away. Maybe not even in your lifetime. Don't get discouraged. All things take time. And to all things is a process you cannot speed up. Therefore, success is dependent upon patience

Hope is a seed God plants in our hearts to remind us there are better things ahead. Stay strong and have no fear, God is near

Invite the Non-Muslim to Islam as They Will be Telling to Allah In Judgement Day That Those Muslim Never Invite Us To Islam Never Told Us About Islam

To love someone is nothing ♦♦♦

♦♦♦ to be loved by someone is something ♦♦♦

♦♦♦ to be loved by someone you love is exciting ♦♦♦

♦♦♦ but to be loved by ALLAH is everything ♦♦♦

Narrated Abu Huraira (Radi ALLAHU Anhu)

Time ticks, never to return. A minute wasted is gone forever. There is no room for laziness in this life. Make the most of every moment

We shouldn't have regrets; everything happens for a reason & as per Allah's decree Learn to accept both, the happiness & hardships of life

Be gentle when it comes to giving advises & Always remember Allah Guides Whom He wants, make dua for the person rather than judging them

When a person spends his entire day with no other concern but Allah alone, Allah will take care of all his needs and take care of all that is worrying him; He will empty his heart so that it will be filled only with love for Him

Wealth can bring you closer to Allah or it can Take you away from Allah.Dont look at those who have more than you look at those who have less then you

When you realize that you cannot have everything you want, you've understood the nature of dunya.

When you realize that you can have everything you love or desire, you've understood the nature of Jannah!

Happiness is knowing that this world is not Jannah...:')

“ They will have whatever they wish therein (Jannah), and with Us is more. ” [Qur'an, 50:35]

How can you expect everyone to agree with you? You yourself in the present, disagree with decisions you've made in the past

No matter how far you've gone, you only need to take one step back to be with Allah. If you are alive , it's not too late

Always keep two words in mind Alhamdulillah & Astaghfirullah Alhamdulillah - keeps you close to Allah

Astaghfirullah -keeps you away from sins

Stop and help others Give unconditional love to all Have smile on your face Keep Allah in your mind & heart Pray 5 times Life is Awesome

Not only is speaking to others with respect a sign of piety but it actually makes them want to listen to what you have to say

If you are unable to promote virtue, at least do not prevent it! If you cannot be productive, do not be destructive!

Everyone says love hurts the most, but that isn't true, jealousy hurts, envy hurts, hatred hurts, rejection hurts, in fact love heals all wounds!

You must convince your heart that whatever Allah has decreed is most appropriate and most beneficial for you

At my lowest, Allah is my hope.
At my darkest, Allah is my light.
At my weakest, Allah is my strength.
At my saddest, Allah is my comfort

When we pray, God always answers us. It's either a yes, no, or wait. He knows exactly when you'll need something. Ever experienced those moments where things came along just at the right time? And when we don't get what we want, it's obviously a no. And there's a reason for that, but only He knows what it is. All I know is that He'll never take something away from you without replacing it with something better. Don't ever think He left you aside. Just trust in him. Walk by faith and not by sight.

If you truly want to be happy, the first step you need to take is to rid yourself of all the materialistic desires of this world

When a person is bored he feels that everything is a waste of time, when he remembers Allah there is no such thing as a waste of time

No one sets an appointment with the angel of death, yet the angel has an appointment with him, decreed, confirmed & written

The believer has five types of fear.

1. The First is that Allah may take his faith away from him;
2. the Second is that the recording angels may write down something that may expose him on the Day of Resurrection;
3. the Third is that the shaytan may cause his deeds to become invalid;
4. the Fourth is that the Angel of Death may come to him without warning;
5. and the Fifth is that the world may tempt him and distract him from the Hereafter.

~ **Uthman Ibn 'Affan (RadyAllahu Anhu)**

Our tongue is just one of Allah's many immense blessings, so why then do we hold it back from praising Him

Islam is not what Muslims do, but what Muslims should do. And to know what they should do, one needs to learn what are in fact the teachings of Islam. Then after knowing that, then you judge Muslims in accordance with what Islam is. Not to judge Islam in accordance with what Muslims do.

To be able to thank Allah for a blessing is a blessing within itself

Don't make a habit of pointing out other people's flaws. You're not perfect. Look in the mirror before you look out the window

Life bring you joys and sorrows. Accepting both with a smile is a sign of faith and a strong belief that Allah knows what's best for you

You ask; HE gives.

You cry; HE listens.

You call; HE runs.

You sin; HE forgives.

You repent; HE forgets.

You knock; HE opens.

You attend; HE welcomes.

You nag; HE hears.

You request; HE accepts.

You question; HE solves.

You plea; HE resolves.

You take; HE provides.

You insist; HE grants.

Everything You do, is about You & everything He does, is about You !

“So which of the favors of your Lord would you deny ?” - [Qur’an 55:13]

The reason why Allah allows us to experience the low points of life is in order to teach us lessons that we would only learn the hard way

To realize that you are sinning is a blessing from Allah {subhanahu wa ta’ala}, and a sign of imaan. Many have lived, and died thinking they did nothing wrong

What Really Counts.....

-Is not where you live but how do you live.

-Is not where you are but how you got here

-Is not the language that you speak but the words you use

-Is not the color of your skin but the color of your character

-Is not that you are a human but the kind of human being you are!

We meet people for a reason. Either they are a blessing or a lesson.

Some people make your life better by walking into it while other people make your life better by simply walking out of it.

Always be the reason of someones happiness, and be just a part of it. Be a part of someones sadness (try to cheer them up), but never be the reason for it

Do not be fooled by one who recites the Quran. His recitation is but speech – but look to those who act according to it.” — Umar Ibn Al-Khattab

Our Mobiles fall, our reaction and reflexes are super quick 2 save them, Our Imaan is dropping & falling how quick are we 2 realize this!

When Allah tests you it is never to destroy you. When He removes something in your possession it is (only) in order to empty your hands for an even greater gift!
